READ CAREFULLY BEFORE ORDERING

★ APR 1 1946 ★

Orders from this list will be delivered anywhere in the United States. However, we do not solicit orders for less than \$3.00 to be delivered via Express or Parcel Post outside of the Second Zone. Customers living in the State of Washington must include 3% sales tax, unless bulbs are to be resold. In which case kindly include your State Nursery License number.

We exercise the greatest care in selecting bulbs to fill your order. However, we do not guarantee the growth or productiveness due to the climatic and soil conditions which vary throughout the United States.

If for any reason you are dissatisfied with your order when received, return it to us and your money will be refunded.

Due to the great shortage of bulbs throughout the country and the many orders which are coming in prior to this list being sent out, it would be wise to make second choice, thus avoiding delay in filling your order by extra correspondence.
